Limit Dog (8)

1ST - Schofield's **KOPPERNOX MICKEY FINN**. I judged this boy 2 years ago in minor puppy and had him in my final four for the CC. Now 2 years on I feel he has progressed into an impressive young adult with a very bright future. His head is beautiful and is balanced throughout, dark well shaped eyes, deep wide muzzle and good mouth. Neck is strong and muscular, flowing into well laid shoulders, strong level topline, obvious forechest, nice tight cat like feet, deep brisket good ribbing and plenty of substance. Strong well developed quarters, which he used on the move. Expertly turned out and handled. Still only one thing wrong with this lad ...he's still not mine! Pleased to award him his 3rd and crowning C.C and B.I.S with the agreement of my co-judge.

2ND - Phelp's **SLEIPNIR OLAF THE STOUT**. I was very impressed with the overall qualities of this stylish 3 year old dog. Just a pity he had to meet the 1st. Still has lovely head with the kindest of expressions, good forechest, strong level topline, bang-on tailset and correct muscular rear end. Can still hold his own against some of the younger champions and nice to see he's still very very keen on showing. B.V if I could have taken a dog home with me it would be this guy.

2ND - Buckley's **SHAKATAN'S RESOLUTION**. 7 year old dog, again in great shape for age. A very square medium sized dog with excellent balance and angulation. A pleasing head of good proportions, dark eye with alert expression. Moves well, keeping outline, a boxer of good type, few exaggerations.
